

The 5 P's of STM Campus Ministry

Prayer

Our entire ministry is enveloped in prayer. We take our relationship with God, and our call to be Christian disciples living Gospel values seriously, and we want to share that mission with students, staff and faculty on campus. We are dedicated to a life of prayer, and we are praying for you!

Positivity

Have you ever run into someone who calls themselves a Christian, but then turns around to be crabby, grumpy, judgmental and a real grouch in general? We sure have! Jesus Christ has shown humanity the gift of love and joy, and it is our job to share that with others. Join us in our mission of being positive! University is challenging enough, so let us do without the world's negativity and have some fun. Kindness and caring and laughter belong in the community we are building.

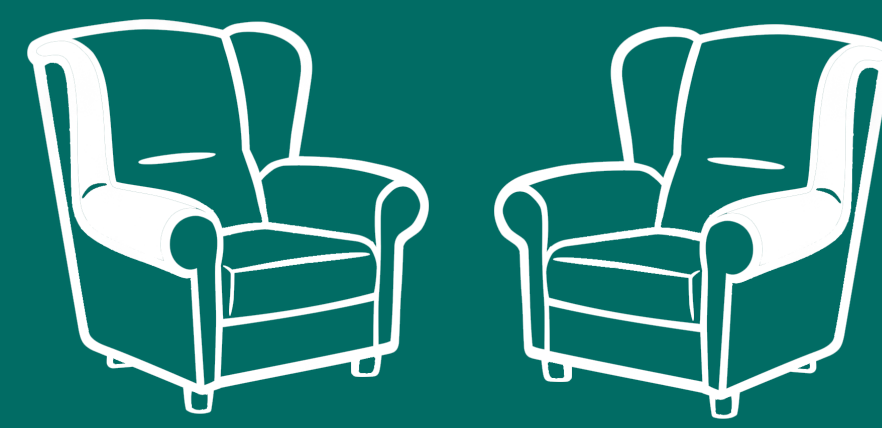

Programming

STM Campus Ministry provides programming that focuses on learning and participation in the following areas: Spiritual development, Community building, Hospitable Catholicism, and Justice and Peace. We have a number of programs while you journey as a student: Weekly Gospel Reflection, Theology on Tap, TED talk time at STM, Prayer services, Rosary, and Ecumenical and Multifaith events.

Partners

Partnerships are important to us, and so the activities and events we present are often co-sponsored with student groups and great partners like the Faith Leaders Council at USask. We believe connection is key!

Presence

Our commitment to be present is unwavering. We offer a listening ear, whether it is in-person, or virtually, via on-line avenues. We are also present on the Web, at www.stmcollege.ca on Facebook, Twitter, Instagram, YouTube, and of course, email. Spiritual support is just a click away!
