

Declare as an STM Student for More Benefits

Arts and Science students at USask have the option to declare themselves as STM students. Like dual citizenship, students get access to the benefits of both colleges while pursuing their Arts and Science degrees. All of the benefits below come with no extra cost and no program restrictions. Students in other colleges can join the welcoming STM community by taking part in our many student clubs, participating in Campus Ministry offerings or just making STM their home away from home. All are welcome at STM!

MORE Community

opportunities to connect with talented faculty, staff, and students in a dynamic learning environment

MORE Scholarships and Bursaries

\$300,000+ in awards over and above USask awards!

MORE Transition Support

opportunities to develop skills to help you achieve your personal and professional ambitions

MORE On-Campus Job Opportunities

a convenient way to earn money while in school

MORE Student Services

such as academic advising

Arts and Science students can declare as STM students on their application to USask or through the St. Thomas More College channel on PAWS with just one click!
