## ST. THOMAS MORE COLLEGE

The *Certificate in Peace Studies* cultivates an interdisciplinary approach to the academic study of peace, conflict, (re)conciliation, the nature of substantive justice, and the practice of nonviolent resistance.

Peace Studies is concerned with both the analysis and creative transformation of conflict and injustice. Within the field, peace is defined as not only the absence of war but also by positive conditions such as social justice, gender and racial equality, and ecological health. As an interdisciplinary field, Peace Studies purposefully and critically draws upon insights from multiple disciplines including Political Science, Religious Studies, History, Anthropology, Indigenous Studies, Sociology, Psychology, Economics, English, Philosophy, and International Studies.

The certificate may be completed in conjunction with any degree in another subject area in the College of Arts and Science
